EDENS SALT OF THE EARTH

Use Edens Salt of the Earth daily in place of regular table salt to add robust flavor to foods and drinks for the whole family. Edens Salt of the Earth is a blend of two premium, untreated, solar-dried sea salts which deliver critical trace elements.

The first hearty sea salt comes from the cool, blue, unpolluted waters of the Australian Sea using the oldest method of obtaining salt: solar evaporation. Sea water is transferred through a series of evaporation ponds, while the hot, dry climate and gentle breezes hasten the evaporation process leaving behind only sparkling white salt crystals, containing valuable trace elements (not found in regular table salt).

The second premium salt is pink Alaea Hawaiian sea salt. Over the centuries, this gourmet, solar-dried sea salt has been traditionally mixed with health-promoting, pink Alaea clay from the Hawaiian islands, giving the salt a slightly pink color, naturally dense in trace elements. It is known as a sacred health salt by the ancient Hawaiians.

We do not use flowing or “anti-clumping” agents commonly added to regular table salt such as aluminum hydroxide, refined sugar, stearic acid, sodium ferrocyanide, calcium phosphate and other undesirable additives.

Since ancient times, salt has been revered as a precious mineral – once traded ounce per ounce for gold. Salt has played an important role throughout history and was even used as currency in Roman times.

SKU: Salt      12 Oz      $14.99

EDENS FERMENTED BEETS

Edens Fermented Beets provides a 100% fermented, organic whole beet root powder that delivers a potent, bioavailable source of naturally occurring dietary nitrates. As we age, we become less efficient in the production and conversion of nitrates to nitric oxide and thus, our nitric oxide levels naturally decline.

Nitric oxide has been widely reported to play a critical role in supporting a healthy cardiovascular system as well as promoting energy, maintaining heart health, supporting blood circulation, and promoting healthy blood pressure already within the normal range. Nitric oxide is produced by the inner lining of the blood vessels called the endothelium and acts as a messenger molecule to promote healthy vasodilation and constriction to support oxygen levels in the blood.

Fermented beets are recognized by science as one of the healthiest vegetables on the planet and help promote healthy gut microbiota and metabolic activity.

SKU: Beets      6.3 Oz      $24.99

EDENS WOMEN’S BALANCE

Healthy hormone balance is critical for every woman to ensure optimal health. Taking a daily female botanical formula with premier quality nutrients is a wise and essential choice in today’s stressful environment.

Women’s Balance is a natural estrogen support formula for both women and men. It features a comprehensive botanical formula for healthy hormone support. This formula includes DIM (Diindolylmethane), a compound naturally found in cruciferous vegetables such as broccoli. DIM helps promote healthy estrogen metabolism and cell cycle activity. Womens Balance contains multiple botanical bends for optimum support.

**EDENS BRAIN POWER**

- Memory, higher thinking, learning and attention support
- Promotes sleep and mood
- Promotes brain derived neurotrophic factor (BDNF)

This advanced brain support formula is the culmination of an emerging class of patent pending botanical compounds scientifically formulated to target cerebral performance-enhancing mental focus, attention, working memory, recall and recognition. Exciting new research demonstrates these ingredients may significantly promote Brain-Derived Neurotrophic Factors (BDNF) levels, clinically supporting the cognitive functions specific to the ability to learn, manage information, focus and react. BDNF is a member of the neurotrophin family of growth factors within the hippocampus, cortex and basal forebrain – areas vital to learning memory and higher thinking.

Edens Brain Power is a new genre of world-class, full spectrum botanical ingredients combined together in one formula to deliver the cognitive results you have been waiting for. Leading the list of these clinically reviewed ingredients includes the well-researched, all-natural spearmint leaf, patented as Neumentix™, coupled with an extract of whole fruit from the Coffea arabica plant, patented as NeuroFactor™. This masterpiece is then anchored by a naturally fermented Choline L-Bitartrate (not the synthetic DL-tartaric acid form) and Organic Rosemary Leaf (noted from ancient times to be associated with “remembrance”).

Never before has there been such an impressive lineup of all-natural ingredients.

**EDENS VISION**

- Powerful eye, macula, and vision support formula
- Natural sources of zeaxanthin and lutein. Powerful carotenoids stored in the macula may promote the density and integrity of the macular pigment
- Features researched eye support nutrients: natural-source lutein (from marigold flowers) at 10 mg/cap and natural-source zeaxanthin (from marigold flowers) at 2 mg/cap
- Quality tested for identity, purity, composition, and strength where applicable

Vision is one of your most precious gifts in life, promote the health of your eyes today with the most comprehensive antioxidant protection ever conceived. Lutein and Zeaxanthin are the two key carotenoid pigments stored in the macula and may promote the integrity and density of the macular pigment through their antioxidant properties. Increased intake of these carotenoids maintain healthy photoreceptor function in the macula as well as supporting the health of the retina. The combination of Lutein and Zeaxanthin promote full retinal health, photoreceptor health, and overall support for the macula. In addition to the science-backed foundation of Zeaxanthin and Lutein, this proprietary nutraceutical formula also features 350mg of the botanical powerhouse, Eye Integrity Support Blend. Together, they supply a broad range of biocompatible botanical agents which offer a complex phytochemical profile for additional nutritional support.

**EDENS METHYL PRO**

- Supports healthy methylation, neurological, cardiovascular and emotional health
- Contains choline, which supports synthesis of a key neurotransmitter, supports cell membrane health as well cholesterol and fat metabolism
- Contains fully activated methyl donors
- Contains 5-methyltetrahydrofolate, B12 as methylcobalamin, choline bitartrate and B6 as pyridoxal-5-phosphate
- Is quality tested for identity, purity, strength, and composition

Edens Methyl Pro delivers the most dynamic support in methyl group supplementation for human nutrition today. Phyto-Methylate is a rich source of biologically available methyl donors and cofactors, important for advanced cellular functions such as DNA methylation, homocysteine synthesis and protein synthesis. Methylation is the biochemical process of the transfer of one carbon atom and three hydrogen atoms, CH3 – a methyl group, from one substance to another. Supporting healthy methylation is vital to promoting healthy genetic expression and cellular functions. When sufficient methyl groups are available, it has a positive effect regulating many biochemical reactions throughout the body, including cardiovascular, neurological, reproductive and detoxification systems.

EDENS LEAN
- Supports healthy body weight
- Can assist with blood sugar
- Helps with maintaining lean muscle
- Can provide good, clean energy

This formula delivers a powerful group of world-class, full spectrum botanical ingredients, herbal extracts and specialized nutritional agents – all combined together in one formula that is designed to support healthy weight management, lean body mass and glycemic metabolism.

Our Green Coffee Bean is standardized to contain a full 200 mg of chlorogenic acid per 2 capsules (one serving). Chlorogenic acid is a naturally occurring component of the green coffee bean, which has antioxidant-like properties. Exciting new research shows the beneficial effects of chlorogenic acid on body composition and metabolism. Green Coffee Bean targets the body's metabolic pathways to support healthy glucose response.

Next this formula includes the thermogenic ingredient, Citrus Aurantium extract, a patented extract called Advantra Z®. Clinical studies show that the natural-source ingredient, Advantra Z®, promotes thermogenesis and thus, supports healthy, safe weight management as well as helping to sustain the ratio of lean muscle to total body mass. Other studies show that it helps promote fat breakdown. This should not be confused with synthetic forms of synephrine which may have undesirable effects.

EDENS ZINC
- Vitally important for many of the body’s systems
- Essential nutrient for immunity
- Responsible for many of the body’s enzymatic processes
To maintain robust whole-body health, a full complement of essential micronutrients is required. Essential micronutrients – including zinc – can be consumed through foods such as nuts, leafy greens, and beans, as well as in supplement form. Micronutrients offer critical support of the cell cycle and support maintenance of healthy muscle and nerve function. Zinc plays an especially important role in these processes and is required for the healthy function of hundreds of enzymes that facilitate metabolic processes in the body.

The immune system protects the body against pathogens and potentially damages foreign bodies. When immune dysfunction occurs due to a zinc deficiency, restoring healthy levels of zinc can help support and improve healthy cell function. This micronutrient supports both innate and adaptive immunity. To distinguish between cells that are part of the body’s own healthy tissue and from those that are threats against the immune system, immune cells communicate with one another. For this communication to be successful, the immune cells must have healthy receptors. Ligands, which bind to the outside of the receptor and allow it to be activated, are critical to this process. Zinc interacts with many ligands to support this cell signaling, an important component to healthy immune system function.

Zinc is a critical micronutrient, but the type of zinc in supplements can influence the impact on the body. Many zinc supplements on the market are formulated with zinc oxide or zinc carbonate, which are poorly absorbed and nearly insoluble. In contrast, Liquid Zinc Assay is made with zinc sulfate heptahydrate, a hydrated form of zinc sulfate, that is water soluble. This highly absorbable form of zinc is designed to provide healthy zinc supplementation.

**EDENS D**
- Supports the immune system
- Provides vital nutrition for happiness and mood
- Essential support for bone and heart health

Vitamin D is one of the most essential nutrients for the human body because of its role affecting a multitude of systems. Edens D3 serum offers 1,000 IU per serving of natural-source Vitamin D3 as a fat-soluble liquid in a base of extra virgin olive oil. D3 is the preferred form of vitamin D (not vitamin D2) because it is better metabolized by the body. D3 Serum is also without those chemical tagalongs such as magnesium stearate (a questionable excipient) or other chemical no-no's.

**EDENS C**
- Is a whole food Vitamin C formula
- Vitamin C is a powerful antioxidant required in a vast array of the body’s day to day function such as metabolism and the absorption of iron
- Supports immune function.
- Includes Acerola, Bilberry Fruit, and more
- Without added Ascorbic Acid
- PhytoChemical Profile Verified (PCPV)

Vitamin C is a water-soluble vitamin which must be obtained through the diet. In human biochemistry, it acts as a free radical scavenger and antioxidant while providing other important health factors.

Unlike most Vitamin C products, Edens C is a potent, 100% natural botanical Vitamin C formula without synthetic ascorbic acid or calcium ascorbate. It features our premium whole food blends of C Food Blend and C Food Support for optimal, full spectrum, nutritional support. The total Vitamin C content in this formula is from natural sources, including organic acerola, organic bilberry fruit and more. This product delivers premier antioxidant power with natural free radical quenching activity for optimal immune support.

EDENS ESSENTIALS PREMIUM BROAD SPECTRUM CBD EXTRACTS

CBD is a powerful plant extract that has been used for wellness for thousands of years. Our CBD is derived from a specific strain of plant containing one of many cannabinoids that have a variety of effects on our body's endocannabinoid system. In fact, we actually have receptors and compounds in our bodies that interact with these naturally occurring compounds.

Not all natural extracts are created equally, and most certainly not all CBD is the same. At Edens Essentials, we believe that if you want to create the best products available, excellence must be a priority at every stage. With this as a guidepost, we can partner with the right people and companies to achieve a high standard of business. To further our mission of creating the world's best CBD products, we choose our partners very carefully. After extensive due-diligence, Edens Essentials decided to partner with the broker of the largest grower, manufacturer and distributor of plant-derived phytocannabinoids in the U.S. This partner makes the raw compounds we use in our products.

EDENS MUSHROOMS

- Offers wide ranging immune support from mushrooms which are fermented to unlock the full potential of such nutrients as beta glucans
- Their fermentation process means that this product supports digestion and microflora with prebiotic fiber
- Polysaccharides, which are what’s known as powerful immunomodulators, help nourish and strengthen the body’s immune system

Edens Mushrooms Blend features six different types of organically grown, premier quality fermented mushrooms in their full-spectrum state. This blend is ideal for maximum bioavailability, digestion and absorption. Current research shows that the human immune system can be given excellent support by using a mixture of polysaccharides from several proven immunomodulating mushrooms. The pre-digested, fermented organic mushrooms in this product offer a vast array of naturally occurring vitamins, minerals and immunomodulating polysaccharides.

EDENS FERMENTED TURMERIC

- Is fermented to unlock the full potential of this powerful herb
- Supports a healthy inflammatory response as well as liver and cardiovascular function
- Has been shown to assist the body’s maintenance of proper blood sugar levels
- Maintains healthy digestion

Edens Fermented Turmeric is a revolutionary, highly absorbable probiotic-fermented organic turmeric rhizome and organic fermented ginger powder in their full spectrum state, cultivated with our partner's signature probiotic-fermented delivery system. This provides maximum bioavailability, digestion and absorption.

For centuries, turmeric has been the quintessential herb choice for promoting liver health, maintaining healthy digestion, supporting a healthy inflammatory response and cardiovascular health. Turmeric naturally has a high concentration of active compounds known as curcuminoids. Curcuminoids have poor water solubility and poor permeability, which may result in low absorption rates in the gut and can also limit its systemic availability. By fermenting both organic turmeric and ginger with our unique probiotic culture, this process is able to predigest the herbs’ naturally occurring compounds to deliver the full spectrum of these highly desirable phytocomponents at their full activity and in their most bioavailable forms.

**EDENS HEART**

- Multi-nutrient formula provides cardiovascular support
- Supports cellular energy production
- Naturally fermented CoQ-10. Fat soluble in its most bioavailable form
- Supports cardiovascular health
- PhytoChemical Profile Verified (PCPV)
- Tested for identity, purity, strength and composition

Edens Heart is a targeted nutraceutical formula that promotes vital cardiovascular health. This product features premier quality coenzyme Q-10 (50 mg/cap) which is derived from a natural fermentation process (not synthetic CoQ-10). This form of CoQ-10 is fat-soluble and is identical to the CoQ-10 that is naturally produced by cells in the body. Live-source, “trans” isomer CoQ-10 is preferred to synthetic, “cis” isomer CoQ-10 in long term use. CoQ-10 is an essential nutrient that is a vital component of cellular energy production. CoQ-10 is an important part of the mitochondrial electron transport system and supplies cellular energy support to all cells of the body. CoQ-10 especially supports the heart muscle and other bodily tissues that have high energy needs. Edens Heart also features two key nutraceutical blends, CardioPlex and Cardio Essentials, which offer a broad range of biocompatible botanical agents with a complex phytochemical profile for additional nutritional support.

SKU: Heart  60 Capsules  $29.95

**EDENS PROTECTION**

- Contains Astaxanthin, a powerful carotenoid antioxidant, helps neutralize free radicals
- Supports cardiovascular, brain, eye and skin health
- Is an algae-based Astaxanthin
- Quality tested for identity, purity, composition, and strength

Astaxanthin will actually accumulate right in the membrane of the cell and the mitochondria where it can provide key antioxidant support for the cell and its components. Astaxanthin has the highly beneficial and unique property that it can quench free radicals by accepting or donating electrons without itself being destroyed or becoming a pro-oxidant.

Astaxanthin delivers a wide range of benefits: it supports the health of the cardiovascular system, the eyes and skin and is able to cross the blood-brain barrier to provide further support from oxidative stress. This comprehensive formula also includes Asta-Active Blend, a botanical support blend composed of high value herbal agents that offer a complex phytonutrient profile for added nutritional support.
